SUMMARY

Hello, I'm Vinicius Carvalho, a 19-year-old with a passion for programming! As a Web Developer, I use my creativity and technical skills to create amazing websites and applications. HTML, CSS, JavaScript, and PHP are my magical tools. Let's turn ideas into reality together! 😀

OBJECTIVE

Seeking to achieve a dream of entering the job market as a Full Stack Programmer.

PROFESSIONAL PROFILE

Since I became interested in the field of programming, I have been studying daily to secure my first opportunity. Over the past 6 months, I have been developing various projects to put my knowledge into practice, and I am certain that I am ready to make a valuable contribution to your team of programmers. I have a strong ability to learn, good communication skills, and I am constantly striving to improve myself.
